

Online Web Statistics

Reviewing your Site Hits

When you own your own domain name, you now receive a detailed statistics form that you can access remotely by using a web browser. To access your statistics, type into the address bar of your web browser: http://www.yourdomainname.com/_stats. This will bring up a page as shown in Figure 1.

Monthly Statistics

On the Statistics Main page you will find basic information about your site hits, listed by months. To get a more detailed look at your site traffic, click on the month you desire and you'll see new statistics related to that particular month. On this screen you can break the month down to Daily, Hourly, and find out specific information about your visitors: where they are visiting from, sites and the disk space usage during a period of time.
